

## REMARKS

The claims are 1 and 28-55. Claim 1 has been amended and claims 28-25 are newly added. There is no new matter. Favorable consideration of the present claims is respectfully requested.

In particular, claim 1 has been amended to clearly cover both vehicular glazing and mirrors. It has also been modified to recite that the spaced-apart distance of the first and second substrate is at least about 10 microns. Support for this change may be found, for example, at page 70, lines 35-36 of the specification. Accordingly, there is no new matter.

A terminal disclaimer has also been filed herewith to obviate the rejection of obviousness-type double patenting over U.S. Patent No. 5,910,854.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our address given below.

Respectfully submitted,
